Some of the 3,500 pipes of this fine organ are over 300 years old. Since Henry Purcell gave the opening recital in 1684, the instrument has been enlarged and enriched by a succession of leading organ builders, and it was last restored in 2010 by Nicholsons of Malvern. Organists of the church have included the 18<sup>th</sup> century composer William Boyce (here for 32 years), as well as Harold Darke (50 years) and Richard Popplewell. The [Royal] College of Organists was founded here in the 19<sup>th</sup> century. The weekly recitals series is thought to be the longest-running in the world (it began in 1914).

***The continuation of this well-known series depends on the support of the audience. Please be generous as you leave. There is a bowl for cash, as well as two card-readers (for debit or credit cards) and a QR code on display.***
