Some of the 3,500 pipes of our fine organ are over 300 years old. Since Henry Purcell took part in the opening recital in 1684, the instrument has been enlarged and enriched by a succession of leading organ builders: most recently by Nicholsons of Malvern in 2010. Organists of the church have included the composer William Boyce, Harold Darke and Richard Popplewell. The [Royal] College of Organists was founded here in the 19th century. The weekly recitals series is thought to be the longest-running in the world (it began in 1914).

Please be generous as you leave the church. The continuation of this well-known series depends on the support of the audience.
